STEEPLECHASE
COLLECTION

Designer: Hargest Custom Cabinetry

Photographer: Simone Associates

The Steeplechase Collection represents artisanship at the highest levels. Doors and drawers meticulously fit within the frame openings, creating a timelessly elegant look. Careful attention to the uniquely profiled edges provide relevant design options for your cabinetry.

You see, when we build cabinetry, it is personally handcrafted for your home.

We are intentional about each meticulous detail and every element of the design through the final finish.

This classically designed, Arts & Crafts inspired cabinetry features raised pegs, chamfered stiles on the doors, and the rich wood tones of Rustic Pennsylvania Cherry.

Steeplechase offers unlimited customization options, finish types, colors, moldings, built-in accessories, distressing details and so much more.
